Alternative Views

DJ-Tech DJM-303 's newest USB mixer with a Twin USB Input/Output for PC Playback and recording. Features 9 onboard BPM Synced Effects, including the all new In-Loop Sampler and 3 CROSSFADER effects.

DJM-303 integrates great ALPHA long life faders, with 2 curve for the Crossfader. Play 2 sources from your computer is now available and easy to set up: Thanks to the 2 USB input for Playing or Recording.

DJM-303 Includes 2 DJ Softwares:
Worldwide acclaimed Traktor 3LE Deckadance.

Direct access In-Loop Sampler

An intelligent 24-bit/44.1kHz sampler automatically detects the tempo of a song during playback, sampling it for a length of 4 beats then loops the sample. The DJM-303 will store five samples onboard for 7 seconds each and a total of 35 seconds of sample time.

Onboard Effects and Equalization

The DJM-303 includes eight onboard effects: ECHO, TRANS, FLANGER, FILTER, PHASE, PAN, PITCH and REVERB. All effects are processed at 24-bits for the highest quality sound.

Crossfader Effects

ECHO, BRAKE and TRANSFORM can be played automatically or in Manual mode, give to your mix an Unique colour, LOOPS are also available in playing the ECHO.

Each channel has 3-band isolator EQ with full cut capability.
With DJ-Tech DJM-303, Fix your mix @ incredible value for money.
